## HEARTY APPETITES

The Shopper is the only machine truly capable of “feeding” a workforce. A hard working group of employees requires sustenance to get the job done and the Shopper delivers.

## ARRAY OF PRODUCTS

Full entrées, combo meals, ethnic foods, salads and delicatessen style sandwiches are the fuel to keep the engine of your workplace humming along.

## EVERYONE SATISFIED

Have more than one shift? The Shopper has “selling zones” that gives each shift its slice of the pie. The turret can be segmented by time to give each group of employees a full stock of items for their time on the clock.

## FOOD SAFETY

With the tightest temperature control in the industry, you can rest assured products will be at their best. The Health Control Temperature Setting is computer monitored to guarantee freshness.

## PERFORMANCE & RELIABILITY

The Shopper boasts class-leading design and durability. You can count on the Shopper to perform for associates day after day without the nuisance of service calls burdening your business.

The average age of food equipment in locations today is estimated to be more than 8 years old. The Shopper’s contemporary styling, merchandising capabilities and reliable performance leave competitors and used equipment as severely inadequate alternatives.
