110 Series Snackshop

The Model 111: High performance in a streamlined size.

111 Snackshop

Model 111 Capacities.

Our 111 Snackshop is designed to maximize your vending potential in a limited-space environment. Its streamlined size still allows it to provide features such as **dollar coin payout capability**, a programmable scrolling display, a swing out service panel, and 24 or 115 volt changers and bill validators. What's more, the 111 Snackshop offers all these high performance options:

Vantage™ styling minimizes dust build-up, while providing a sleek, contemporary appearance.

Convertible shelving allows for the most advantageous combination of snacks and candies. (Optional dual snack spiral capability also available.)

Automatic shutdown (standard feature) lets you program the machine to shut down during designated time periods.

Debit card acceptance makes purchasing easy for card-holding customers.

Gum and mint dispensing system makes it more convenient for the operator to stock, service and inventory product.
