Speed and Productivity

Most workplaces have “peak consumption periods” during breaks and lunch hour. The BevMax 3 is two to three times faster than other glassfront equipment, meaning your employees are satisfied more quickly and spend less time in the break room.

All Day Satisfaction

Your employees’ refreshment needs change throughout the day. The BevMax 3 has the greatest number of selections, allowing employees to stay on site to satisfy their thirst throughout the day.

Convenience and Performance

Employees will thrive on the convenience offered by the BevMax 3. Our delivery system allows for all types and sizes of packages to be vended from the same machine. More capacity, faster delivery, and more capable payment systems provide employees with the optimal vending experience.

Dependability

Tested. Proven. Reliable. BevMax 3 delivers unsurpassed reliability. For more than 150 years Crane has built a reputation of providing products that are reliable, durable, and long-lasting.

Energy Conservation

BevMax 3 exceeds Tier 2 Energy Star standards. This ensures your employees are served refreshing, ice cold beverages while conserving energy with the BevMax 3’s efficient operating features.
