CONTROL PANEL   SELECTION PANEL

---

1.   Press [PRICE]. The display shows **A0 PR .35**. In this example, the price for the A0 selection is shown to be $0.35.

Do one of the following:

Use the selection panel to enter a new price.

- OR -

Press the UP key (or the DOWN key) on the selection panel to step to the previous (or next) selection price.

- OR -

Use the selection panel to enter the number of a selection whose price you want to view or change.

NOTE
This method can't be used with the #10 selection. For that, enter the #9 selection then use the DOWN key to step to the #10.

- OR -

Press another function key.

- OR -

Close the door to quit.

NOTE
Don't close the vend door before all prices are properly set.
