NARCO POST-MASTER  
ICE-O-VEND  
WITH OPTIONAL ILLUMINATED  
TOP FILLER SIGN

Consider these major Narco Post-Master facts! The dramatically styled Narco Post-Master Ice-O-Vend is the first post-mix vender tailored to the specific needs of the bottlers of Coca-Cola.

The Narco Post-Master delivers Coca-Cola from two preferential button positions, plus 3 other products (including dietetic or low-calorie drinks) in any combination, from fully carbonated to non-carbonated, with or without ice.

The inspiring, push-button Narco-designed Selector Panel motivates the consumer to buy your products. The Illuminated Top Filler Sign provides an unbroken silhouette at modest additional cost.

Four syrups are dispensed from stainless steel tanks; one 8-gallon tank for Coca-Cola and three 5-gallon tanks for other products.

Sanitary, positive displacement pumps of the rolling diaphragm type assure consistent syrup throw in each drink. The Narco Post-Master provides a high degree of interchangeability of parts with Narco pre-mix equipment. All tanks are stored conveniently on the stainless steel floor liner, an exclusive feature with NARCO.
