ALARM BOX INSTALLATION

Before using this machine for the first time, install the alarm box as follows:

1.   Pull the alarm box all the way out.

2.   Remove the tape from the solenoid lock.

3.   Connect the battery in accordance with the <u>Maintenance Handbook</u>, Section IV, Paragraph 4.3.52.2.

4.   Slide the alarm box all the way into the machine. It will click into place.
