
KIT PART NUMBER 6730019
INSTRUCTIONS FOR INSTALLING A
NEW CENTER PANEL GRAPHICS DECAL ON 673, 675, & 677 MACHINES

CHECK THE PARTS RECEIVED IN THIS KIT WITH THE PARTS LIST IN THESE INSTRUCTIONS. IF ANY PARTS ARE MISSING CONTACT THE CRANE MERCHANDISING SYSTEMS' PARTS DEPARTMENT AT 1-800-621-7278.

Read these instructions carefully before installing the kit.
Keep these instructions for part numbers and for future reference.

THIS KIT CONTAINS THE FOLLOWING:

PART NUMBER	DESCRIPTION	QUANTITY
6732100R	DECAL - CENTER - PANEL	1
6730020T	INSTRUCTIONS - CENTER PANEL DECAL KIT	1

These instructions are to install a new Center Panel Decal (6732100R) onto the Center Panel of an existing Hot Drink Center, Phase 2 machine as shown in the image on page 2.

Affix the Decal:

1. Clean the front surface of the Center Panel. Any dirt or grit will cause imperfections in the Decal.
2. Fold back and crease the protective backing on the Decal for about 1 inch along a long edge of the Decal.
Tip: Peel back a corner of the protective cover on the front of the Decal and fold it under. Trying to get the corner started after the Decal is installed is more difficult.
3. Align the top edge of the Decal to the bottom of the plastic trim just below the glass selection display, keeping the Decal centered between the vertical trim on either side. Allow the folded backing to keep it just off the surface of the Center Panel while positioning.
4. Press and adhere the first inch of the Decal and rub out any bubbles with your fingers or some sort of plastic edged tool such as a credit card, etc.
Note: Take care to not cut or scratch through the protective cover and damage your Decal.
5. Slowly pull the backing out from under the Decal, while making sure to rub out any bubbles as required.
6. After the entire Decal is installed, peel off the front protective cover and check for any imperfections. Place the protective cover or a piece of paper back over the Decal to work out any imperfections or bubbles.
