431 Vend Doors

June 18, 1999

The product vend doors on the Shoppertron merchandisers have been revised to assure a better sonic weld. This will improve the overall strength and appearance of the product vend doors.

The newer doors are available from the National Vendors Parts Department, part # 431-2127 and they are interchangeable with older merchandisers.

This change took effect with the following serial number(s) :

431-026581 6/15/99

This change is being implemented as part of our ongoing product improvement process and is not a required update to older machines. If the current owner of a machine chooses to update a machine with this improvement, it is solely at their discretion. Parts are available for purchase from the National Vendor Parts Department and any labor to install or modify any existing equipment is the owner's responsibility.
