

## CE-4 AND CE-3 PRE-MIX ELECTRIC COUNTER DISPENSERS

4-product draw (or 3 products  
plus carbonated water)

**NEW ERA**  
*in design*  
**NEW ERA**  
*in Performance*  
**... from NARCO**

Narco brings distinctive "New Era" styling and engineering to both 3 and 4-product Pre-mix dispensers. Powered by the famous Tecumseh compressor unit, the CE-4 and CE-3 Pre-mix Counter Dispensers are superbly engineered to give you a new high in performance.

3-product draw

## Features

- \* Attractive, illuminated sign—as standard equipment—on both sides.
- \* "Z" frame section base and heavy gauge steel cabinet provide lasting ruggedness.
- \* Only one inch of Nylon Valve line exposed to room temperature.
- \* Removable one-piece housing provides easy access to interior.
- \* Cornelius Valves are mounted on durable stainless steel panel. The crisp styling of the illuminated sign is set off by the gold NARCO escutcheon strip.
- \* Velvet smooth baked enamel and gold metalized finish add elegance to "New Era" design.

## SERVICE TIME MINIMIZED

The cover plate for the refrigerated compartment may be removed easily for quick access by removing four screws. The condenser is located directly behind the air intake grill for easier cleaning. The complete outer housing may be lifted off in one piece by removing two cap nuts at each side of the bottom. . . . "Pop-out plug" located on left side of cabinet permits easy temperature control adjustment without removing outer housing.

## SPECIFICATIONS

<b>CABINET:</b>	Electrically welded heavy gauge steel; edges of bright anodized extruded molding.
<b>ILLUMINATED SIGNS:</b>	Brightly decorated durable plastic backed by fluorescent tubes.
<b>CONTACT PARTS:</b>	Of approved materials.
<b>REFRIGERATION:</b>	1/5 H.P. Tecumseh Compressor (115 volts) hermetically sealed Special NARCO product cooling unit incorporating sealed cooling tank.
<b>DRAW RATE:</b>	Outstanding peak draw capacity even with warmest room and product temperatures. Both CE-4 and CE-3 have same famous refrigeration system. The casual drink in a 90° room has a temperature of 34.5° after a ten minute interval. First morning drink after overnight in a 90° room is only 37°. This outstanding draw rate is possible by having the product tubes feed directly into a refrigerated compartment.
<b>PRODUCT TUBES:</b>	Nylon.
<b>VALVES:</b>	Cornelius valves are fastened to the stainless steel panel.
<b>OUTSIDE DIMENSIONS:</b>	Width 15 $\frac{1}{8}$ " ; height 29 15/16" ; depth 17 $\frac{5}{8}$ " (add 4 $\frac{3}{8}$ " for drain tray extension)—dimensions include trim.
<b>APPROXIMATE SHIPPING WEIGHT:</b>	CE-4: 210 lbs., CE-3: 200 lbs.
<b>INSULATION:</b>	Rigid polyurethane "foamed-in-place" insulation gives up to twice insulating value of standard insulations. Permanently bonds and seals cooling tank in place. Refrigerated compartment cover has insulation fastened to inner surface making a tight seal with the rubber gasket around the opening.
<b>SUPPORT:</b>	Rugged "Z" frame section base.
<b>NATIONAL SANITATION FOUNDATION APPROVED.</b>	
<b>WARRANTY:</b>	Pre-mix Dispenser, Components, and Accessories are warranted to be free from defects in materials and workmanship for one year from date of installation. Prices include 5-year warranty on Sealed Motor Compressor.
<b>TERMS:</b>	Net 10 days—SPECIAL TIME PAYMENT FINANCING AVAILABLE. All terms, prices, and specifications subject to change without notice.
