

DNS-150A STYLESTAR BOTTLE VENDER

APPROVED STYLESTAR CABINET DESIGN

Narco's walnut-grained cabinet panels and Stylestar illuminated signs are only two of the many reasons that go into making the DNS-150A Stylestar Bottle Vender such a hit with profit-minded bottlers everywhere.

POSITIVE VAPOR SEAL INSULATION

Narco's positive, vapor-seal insulation makes for a stronger, more rigid cabinet because the foamed-in-place polyurethane insulation bonds permanently with the metal for one-wall strength.

VEND-GARD VENDING MECHANISM

Provides positive pilferage protection and smooth bottle removal ease.
