

IMPERIAL

Console Dispenser

NEW ERA ELEGANCE • NEW ERA ENGINEERING . . . from Narco

Narco has brought together all the eye-appealing elegance and superb engineering of the NEW ERA concept in this truly IMPERIAL console dispenser. (Dispenses 4 drinks or 3 drinks plus carbonated water.)

HERE ARE SOME OF THE PLACES THE VERSATILE IMPERIAL CAN BE USED:

Theatres . . . Indoor and Outdoor Walk-In and Drive-In Restaurants Bars and Taverns
Bowling Alleys Special Events Sporting Events Student and Recreation Centers

Features

Polyurethane foamed-in-place. Eliminates loss of vapor seal. Up to twice the insulating value of standard type insulations.

Sealed cooling tank with 1/2 H.P. Tecumseh unit charged with Freon 12.

Easily accessible fill port.

Product lines may be brought in from any one of FOUR sides.

Handsome, sturdy Bakelite serving top.

Adjustable, stainless drain tray permits use of popular size cups.

Concealed drain hose may be disconnected. By inserting plug, drain tray is converted into overflow reservoir.

Polyurethane foamed-in-place.

Narco's refrigeration system features the exclusive sealed cooling tank with ½ H.P. Tecumseh unit charged with Freon 12.

Dispensing 4 drinks per minute with 90° room temperatures—with every other drink dispensed being Coca-Cola—Hundreds of drinks can be served below 34.5° (the lowest temperature of ordinary units—hundreds more before Coca-Cola reaches 38°). This is also true with 80° and 70° room temperatures. This superior draw rate is made possible by having refrigerated product lines right up to delivery valves.

Of approved materials.

300 Lbs.

Width 20", Height 44¾", Depth 20¼". Add 3⅞" for Drain Tray.

Net 10 days — SPECIAL TIME PAYMENT FINANCING AVAILABLE. All terms, prices, and specifications subject to change without notice.
