**LCM Glassfront  
Merchandiser**

**The LCM1: Our most economical glassfront merchandiser.**

# LCM1

Our LCM1 glassfront merchandiser is designed to give you maximum profitability in smaller locations. It's made with the same quality workmanship you've come to expect from Automatic Products international, Ltd. But the LCM1 is simpler in design and function than our other models to give you a low cost alternative. The LCM1 has the following standard features:

**Attractive Apollo or Euro styling** with rounded corners lets you choose the look that fits your needs and appeals to your customers.

**Four popular shelving configurations** give you the most preferable capacity options available in a low cost machine.

**Convertible shelving** allows for the most advantageous combination of snacks and candies.

**Electronic counters** provide you with total vends and total cash sales for easy tracking.

**The LCM1 also offers the following options:**

**Gum and mint dispensing system** makes it more convenient to stock, service and inventory product.

**Dual snack spirals** allow maximum vending flexibility.

**24 volt changer and bill validator** ensures long-lasting, dependable change and bill validation functions.

**Ventilation fan** to guarantee product freshness.

**Chiller unit** lowers the internal temperature by 20+°F to protect and extend product quality.
