TEMPERATURE CONTROL LEAD ADAPTER FOR CUTLER HAMMER / SIEBE TEMPERATURE CONTROLS

Revised 6/23/05

Models Affected: All Dixie-Narco Stack Models manufactured with a Cutler Hammer/Siebe Temperature Control (excludes all Coke Glass Front and Bev Max Venders).

Reason: To provide an adapter lead to allow the old Cutler Hammer/Siebe Temperature Control adapt to the revised 2 – piece (Break away) main wiring harness (804,917,260.11) which has a housing for the GE Temperature Control.

Order: 1 – 804,921,16x.x1 Temperature Control Lead Adapter

Installation instructions:

The Temperature Control Lead Adapter (804,921,16x.x1) is needed in the field when a new 2 – piece main wiring harness (804,917,260.11) is installed in a vender with an existing old style Cutler Hammer/Siebe Temperature Control.

- 1: Temperature Control Lead Adapter 804,921,16x.x1
- 2: Cutler Hammer/Siebe Control
- 3: New 2Piece (Break away) Main Wiring Harness (804,917,260.11)
