

PREMIER™ SERIES

For Every Craving

PREMIER SERIES

THE SMART ADVANTAGE

Premier edges out older models, intelligently increasing operational productivity.

- Fast Track keypad for quick mode access (and it's bilingual)
- Text-based menu makes navigating electronics easy
- Program multiple machine installs faster with CHIP cloning capability
- Advanced electronics with superior diagnostics
- Roll pricing smoothes menu and price changes
- Durable all-metal cabinet and wireless shelving

VARIETY, VELOCITY, AND VALUE

Designed for consumer response, Premier's stellar looks and merchandising competence get noticed.

- Stealth or Metro styling communicate heightened quality
- Brighter and more evenly lit products (with 3 times longer bulb life)
- Animated display and changeable POS window stimulate attention
- Quick-Change shelves on the fly, allowing for fast menu adjustments
- Fits LSS on the top two shelves serving more of what customers crave
- Add on a fresh or frozen food À LA CARTE® for complete meals

EXCEED THEIR EXPECTATIONS

Get your foot in the door with Premier's unique offerings. Its contemporary appeal is sure to land that special account.

- Go green and save your clients money with four energy conservation modes (time programmable)
- Brighter lighting and modern selection system for easier use
- Guaranteed delivery heightens morale
- Three machine sizes – fit into spaces others can't
- More convenient than C-store runs (and keeps employees on site)
- Serves a high volume in a short time – perfect for the lunch rush

932 Stealth
(933 Metro styling shown on front)

The Choice of Vending Professionals

Invest in the finest snack merchandiser, crafted by a company with over 75 years of experience. Backed by a two-year parts warranty and local AP distributor support, you can depend on Premier – 24/7.
