

RMi 350 Lg
THE INTERMEDIATE

From the makers of the most complete line of single cup coffee machines for the coffee service industry.

RMi

SINGLE-CUPPERS

"Standard of the industry"

RMI 350 Lg / THE INTERMEDIATE

FEATURES

BREWER—The only self-contained brewer on the market. Utilizes an exclusive, yet inexpensive, disposable coffee filter. No metering devices required.

GRAVITY FEED OPEN WATER SYSTEM—No pressures, no pumps, no danger, no problems with this foolproof open-to-the-atmosphere water system.

EXCLUSIVE IN-LINE CUP DISPENSER—Simple, dependable, easy to load. Completely enclosed in minimum space for sanitation, yet easily accessible for service.

STAINLESS STEEL CUPWELL—Lever action prevents cup tilts. Rounded corners and easy cleaning features make sanitation quick and sure.

EYE LEVEL ELECTRICAL BOX—Easy to see; easy to check. All components color coded with plug-in features to facilitate replacement in this proven, trouble free electrical circuit. Plus—all wiring is above the dispensing area. Electrical system cannot get wet or soiled.

EASY ADJUST CAMS—All cams identified and easily accessible to adjust commodity throw in seconds for all commodities including coffee.

SAFETY SOLD-OUT CIRCUIT—Overflow waste container, cup "sold-out" feature, plus safety dry waste overflow switch, to prevent customer dissatisfaction when unit requires service.

LOCKABLE COIN BOX—Large, sturdy metal container easy to lock if required.

RUGGED HEAVY GAUGE CABINET—18 gauge steel with 16 gauge

door. Ribbed box girder construction for strength. Every unit receives prime coat plus baked enamel for lasting beauty.

SWING OUT COFFEE HOPPER—Opens easily for servicing. First-in, first-out design assures fresh coffee. Agitator prevents coffee bridging. Sight gauge provides easy check for servicing.

10 FULL SELECTIONS WITH ALL DRY INGREDIENTS—Coffee four ways, tea four ways, soup and whipped chocolate with see-through canisters. Canisters dispense on a first-in, first-out basis for complete quality control. Canisters can be serviced without lifting anything but the covers—cutting down service time substantially. Plus—no long plastic hoses to clean. High speed, shock mounted chocolate homogenizer whips the chocolate to a creamy, delicious blend.

EXCLUSIVE STAINLESS STEEL COMMODITY CANISTER RACK—All horizontal surfaces are stainless steel to eliminate rust or paint peeling; unit is always attractive and sanitary. Plastic parts are used only where proven superior to metal.

DRY WASTE CONTAINER—Easy to service. Simply remove plastic bag with dry grounds for disposal.

EXCLUSIVE HIGH CAPACITY STAINLESS STEEL WATER TANK—Nothing in the tank but the heating element; no parts for lime and mineral build-up. Special shape for even heating. Open system with a simple direct-from-tank-to-brewer gravity feed.

ALL COMPONENTS EASILY REMOVED—Keyhole slots plus color coded wiring and plugs for simplified repair. Minimum of tools required.
