**THE ARA**

# Rmi 850 LG

## FEATURES

**STACKABLE CANNISTERS**—Quick disconnect "sections" control level of soluble product inventory as required by individual locations. Unique auger-agitation system provides accurate and consistent product delivery. Hinged lid assures sealed, dry product.

**GRAVITY FEED WATER SYSTEM**—Exclusive high capacity water tank. No pressures, pumps or submerged metering devices within this simple, direct-from-tank-to brewer, gravity feed water system. No moving parts for lime and mineral build-up. No thermostat adjustment required.

**IN-LINE CUP DISPENSER**—Originated by Rmi and field proven for dependability. Complete visibility for quick cup inventory and ease in loading. Door mounted dispenser is out of the way for machine maintenance and servicing. Totally enclosed for sanitation.

**BREWER**—Most unique self-contained coffee brewing system. Utilizes an exclusive built-in air piston system and inexpensive disposable filter that delivers a consistent cup of pressure-brewed coffee. No metering devices required. Minimum moving parts enable total visibility and ease in servicing.

**OPEN COMMODITY RACK**—Suspended product cannisters and minimum of horizontal surfaces allow ease in cleaning and sanitation. Unique exhaust system assures complete vapor dispersal.

**FOURTEEN FULL SELECTIONS**—Coffee four ways; tea four ways; decaffeinated coffee four ways, soup and chocolate.

**STAINLESS STEEL CUPWELL**—Lever action prevents cup tilts. Rounded corners and easy cleaning features make sanitation quick and sure.

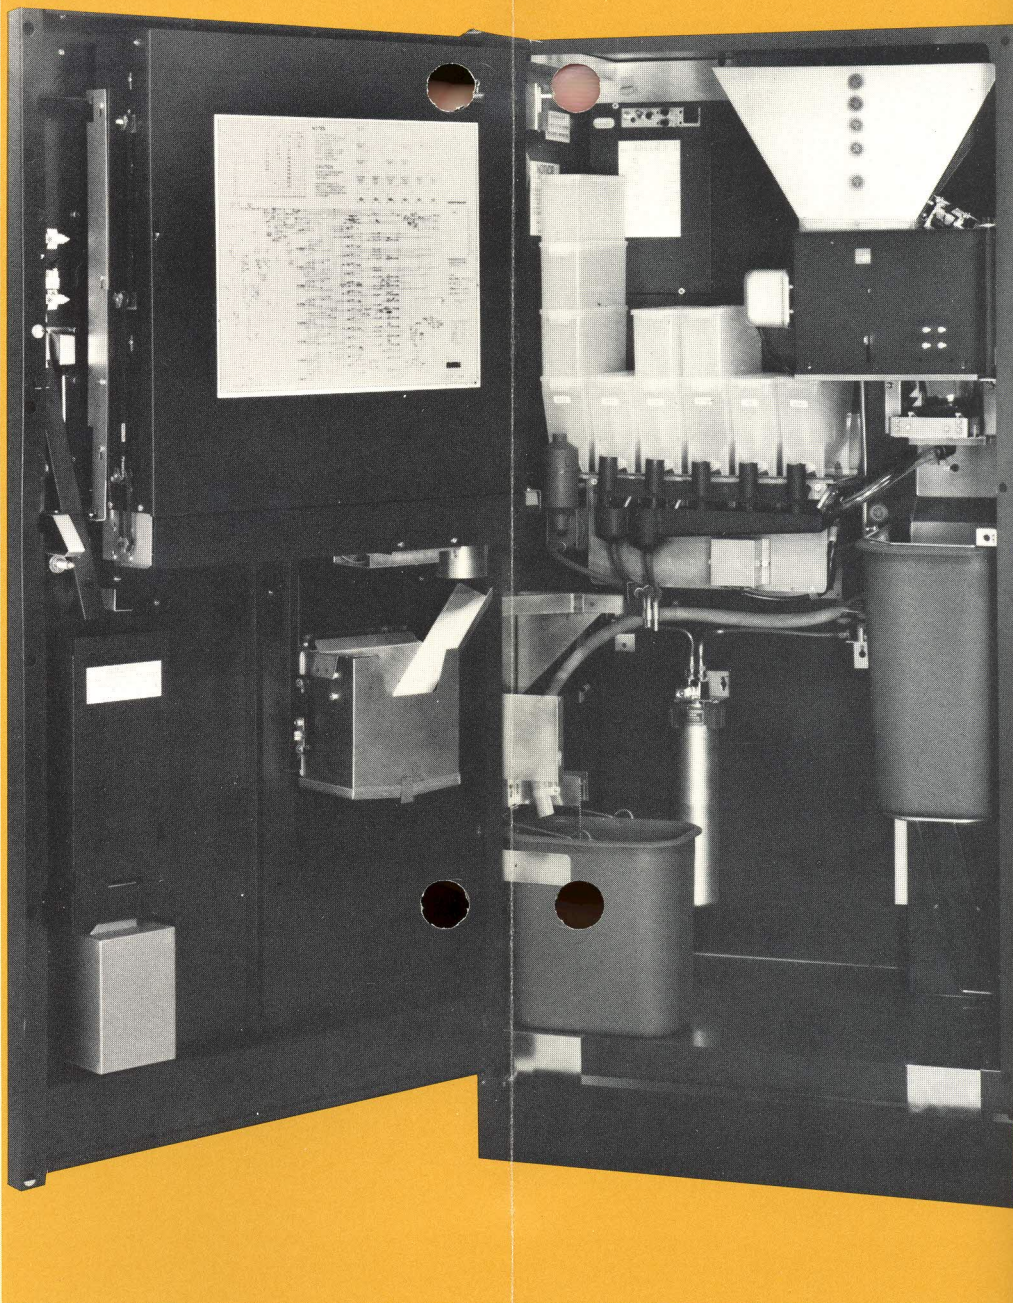

**SOLD OUT CIRCUIT**—Illuminated "Sold Out" light on coin insert panel. Coin reject circuit avoids customer inconvenience if cups sold out or overflow condition should occur.

**LOCKABLE COIN BOX**—Large, sturdy metal container easy to lock if required.

**RUGGED HEAVY GAUGE CABINET**—18 gauge steel with 16 gauge door. Ribbed box girder construction for strength. Every unit receives prime coat plus baked enamel for lasting finish.

**SWING OUT COFFEE HOPPER**—Opens easily for servicing. First-in, first-out design assures fresh coffee. Agitator prevents coffee bridging. Sight gauge provides easy check for servicing.

**ALL COMPONENTS EASILY REMOVED**—Key-hole slots plus color coded wiring and plugs for simplified repair. Minimum of tools required.
