300 Jacksonville Road Warminster PA 18974 215-675-4200

RMI 3000-LG FEATURES AND SPECIFICATIONS

MICROPROCESSOR TECHNOLOGY - Assures accuracy and simplicity in commodity dispensing. The dispense time of each commodity and its sequence in the vend cycle is controlled by the microcomputer. All settings easily and quickly made by hand-held, plug-in module.

STACKABLE CANISTERS - Quick disconnect "sections" control level of soluble product inventory as required by individual locations. Unique auger-agitation system provides the most accurate and consistent product delivery. Hinged lid assures sealed, dry product.

GRAVITY WATER FEED SYSTEM - Exclusive quick recovery, high capacity hot water system. No pressures, regulators, pumps or submerged metering devices. Heating element, thermostat and control switches mounted on lid for simple replacement. Non-adjustable thermostat assures proper temperature at all times.

IN-LINE CUP DISPENSERS - Originated by RMI and field proven for dependability. Complete visibility for quick cup inventory and ease in loading. Door mounted dispenser is out of the way for machine maintenance and servicing. Totally enclosed for sanitation.

BREWER - Most unique self-contained coffee brewing system. Utilizes an exclusive built-in air piston system and inexpensive disposable filter that delivers a consistent cup of pressure-brewed coffee. No metering devices required. Minimum moving parts enable total visibility and ease in servicing.

TEN FULL SELECTIONS - Coffee four ways; "plus the extra strong feature"; tea four ways; soup and chocolate.

OPEN COMMODITY RACK - Suspended product canisters and minimum of horizontal surfaces allow ease in cleaning and sanitation. Unique exhaust system assures complete vapor dispersal.

EASILY MAINTAINED - Designed for ease in location maintenance.

STAINLESS STEEL CUPWELL - Lever action prevents cup tilts. Rounded corners and easy cleaning features make sanitation quick and sure.

SOLD OUT CIRCUIT - Illuminated "Sold Out" light on coin insert panel. Coin reject circuit avoids customer inconvenience if cups sold out or overflow condition should occur.

LOCKABLE COIN BOX - Large, sturdy metal container easy to lock if required.

RUGGED HEAVY GAUGE CABINET - 18 gauge steel with 16 gauge door. Ribbed box girder construction for strength. Every unit receives baked enamel for lasting finish.

ALL COMPONENTS EASILY REMOVED - Keyhole slots plus color coded wiring and mate-n-lock plugs for simplified repair. Minimum of tools required.

dimensions:

Height	72"
Depth	28"
Width	28"

finishes:

Brown Baked Enamel, and Presidential Walnut Vinyl Standard. Teak, Rosewood, Regency Walnut and Kashmir Walnut Vinyls are available.

weight:

Uncrated	365 lbs.
