AUTOMATIC PRODUCTS
International, Ltd.

A Higher Standard.

Robo Quencher™: State-Of-The-Art Robotics Combined With A Smooth Personality.

Robo Quencher is the first cold beverage merchandiser to use smooth robotics to gently deliver beverages in a continuously upright position, totally eliminating problems with carbonation fizz. That means any beverage selection can be displayed at any height, allowing you to planogram with total freedom.

And the added bonus ... Robo Quencher's robotic Auto Glide™ delivery is both eye-catching and entertaining. It creates a whole new level of consumer impulse sales!

▲ The unique Auto Glide robotic delivery system creates consumer interest, promising incremental profits for you.

Auto Glide™ Delivery System.

Our patented Auto Glide system uses precision robotics to deliver beverages (in all the popular sizes) to an automatic delivery door. It's smooth. It's fast. It's flawlessly entertaining.

The Quad-Gate™: Eliminates The Need For Shims or Spacers.

Our Quad-Gate is an engineering masterpiece that ensures a perfect one-item vend every time. The Quad-Gate mechanism is positioned at the front of each column — where it can vend a wide range of package sizes and shapes without bothersome shims or spacers. It's easy to see why Robo Quencher is the route person's "best friend."

Optimal Selling Power.

Robo Quencher enables you to vend all the popular beverages from any column, at any height — thus maximizing the proven power of glassfront merchandising. You've never had more planogram freedom, or more profit potential!

▼ Robo Quencher's vertical shelves pull out for easy loading and "first in, first out" product rotation.

Vertically Aligned Shelves.

Robo Quencher's sturdy, vertically aligned shelves provide outstanding product support — eliminating "shelf sag." These Robo-tough shelves are specifically designed to handle the weight of today's bottled beverages.

More Robo Features

- 40 selections to satisfy a wide range of thirsty consumers.
- Accommodates 12 oz. cans, 16 and 20 oz. bottles, plus various other sizes.
