SERVICE NOTICE 53

DN5000 Board Enhancements

Revised 11/16/03

To Our Valued Customers:

In our continuing effort to improve the quality of the Coke Glass Front Vender, we have made changes to the Machine Board, Universal (KO) Board, and Display Board in all DN5000 Venders.

Below you will find the descriptions of the enhancements, pictures of the new and old boards for comparison, replacement information, and serial breaks for factory installation. Replacement boards will only be provided as warranty exchanges, on failed boards, during the warranty period.

Below is a summary of the information provided in the following pages.

Machine Board Page 2

NEW MACHINE BOARDS (factory installed 8272CB-0077 and higher)

Domestic/Japan Machine Board: 626,032,10x.x3 – New To Be Determined – New reconditioned

Export Machine Board: 626,032,20x.x3 – New To Be Determined – New reconditioned

Important: when using a New Machine Board the Universal (KO) software must be 804,914,991.01 or higher.
