

DIXIE-NARCO

Service Bulletin #186

Date: May 7, 1975

MODELS: All Adaptables

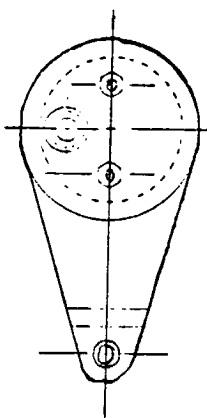

SUBJECT: Two Bar Linkage - Vend Motor Assembly
(Replaces Cam)

REASON: To provide a simple bar linkage to drive the oscillator assembly as opposed to the cam drive.

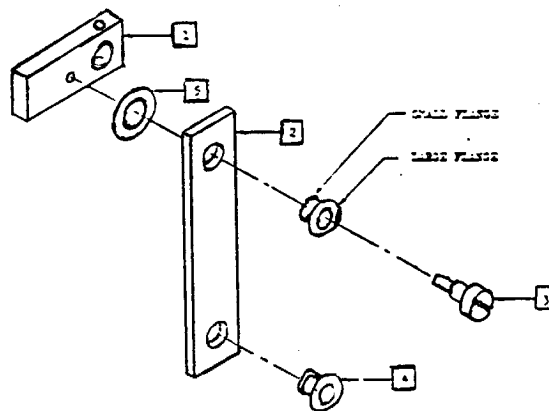

EFFECTIVE: DN174-6 Beginning Serial Number 1936001
DDB300-6 (That is, both models will be in the
1936___ run.)

On 5/7/75 Service started shipping subject 6 Stack Vend Motors.

Subject Vend Motors (5 and 6 Stack) are interchangeable on all respective 5 stack and 6 stack Adaptables.

CAM

TWO (2) BAR LINKAGE

Since the appearance Cam vs Bar linkage is quite different, the information contained hereon is simply in keeping with the policy of keeping you informed.
