Red Cam Adaptable and Dual Adaptable Venders

SUBJECT: Vend Motor Assembly with original Linkage Arm - C179,070,600.13.

EFFECTIVE: Serial Number 0381 2506AG
Approximate Date 2/18/82

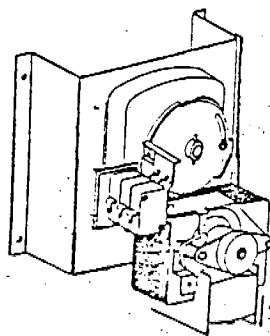

REASON: Since the diameter of the pin on the oscillator has been increased, then the ID of one of the holes in the linkage arm has been increased also.

Vend Motor assemblies will continue to be shipped with the original linkage arm. So that the Vend Motor will adapt to any Red Cam Vender, the revised linkage arm will be included but not installed.

KIT WILL CONSIST OF:

1	A801,201,030.01	Linkage Arm-Revised
1	801,804,770.01	Nyliner-Revised
1	801,803,160.01	Nyliner-(No Change Made)

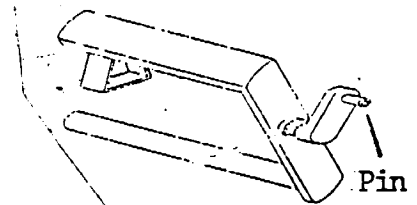

CAUTION: Make sure the Linkage Arm is compatible with the pin of the oscillator.
