Service Bulletin # Date: October 1, 1984 Revised: ~~May 8, 1985~~

MODEL: DNTP 232-8

SUBJECT: Inner Liner (Kydex)
For Package Chute

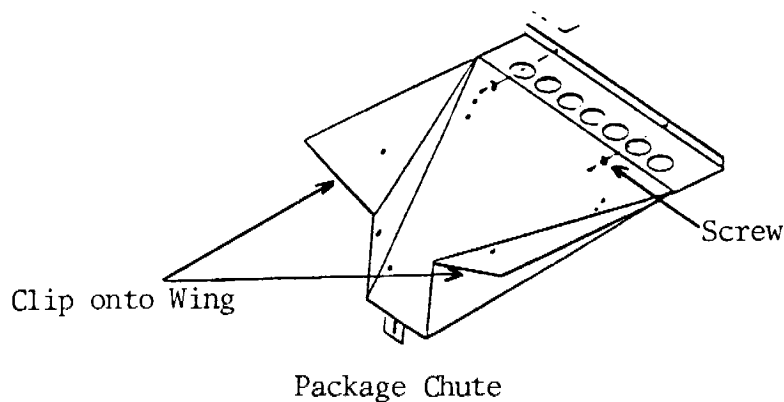

SERIAL NUMBER: Started installing Inner Liners beginning with S/N0001-2763.
Listed below are venders produced less the Inner Liner.

- PART NUMBER:
1. D349,000,040.03 - Inner Liner for DNTP232-8
Serialized 0001-2702 and higher.
 2. A5160.06 - Inner Liner for DNTP232-8
Serialized 0001-2701 and under.
 3. 900,901,890.01 - Clips.

REASON: Due to "slide" characteristic differences between packages an inner liner (Kydex) is provided which increases the package's acceleration as it slides down the chute.

TO INSTALL
DO THIS:

1. Secure inner liner with existing chute screws at inside rear of cabinet.
2. Use clips to secure inner liner to chute wings at front.

FOR ONE
VENDER:
