Service Bulletin # 289

Date: May 7, 1985

Revised: May 26, 1988

MODELS: INCB Venders

SUBJECT: Openings for Dollar Bill Validators

REASON: To Provide Information Only At This Time.

The following is a rundown of our present plans for Bill Validator openings and a statement on which validators can be used on our various size venders. All of this refers to the 37" wide venders. For the present, nothing is being done on the 28" wide venders.

1. RC, SEVEN-UP, AND ALL LOGOS WHICH FORMERLY USED A FILLER PIECE ABOVE THE SELECT PANEL

79 1/2" and 72" VENDERS - Ardac Downstack and Mars Upstack can be used.

66" HIGH VENDERS - Ardac Downstack only can be used.

Beginning Serial Number 0001-2805.

2. BROWN VENDERS: All Brown venders with the hole in the present position will take the Ardac Downstack only.

Beginning Serial Number 0001-2809.

3. DR PEPPER CENTURY II

79 1/2", 72", and 66" HIGH VENDERS - Ardac Downstack and Mars Upstack can be used.

Beginning Serial Number 0001-2817.

4. PEPSI MAGNUM

79 1/2" AND 72" HIGH VENDERS - Upper opening allows the Ardac Downstack to be used, lower opening allows the Mars Upstack to be used.

66" HIGH VENDERS - None of the validators will fit.

Beginning Serial Number 0001-2819.

Beginning Serial Number 0001-2829 and thereafter upper opening has been eliminated.
