Service Bulletin # 309

Date: December 3, 1986

Revised: May 15, 1989

MODELS: All DNCB Venders

SUBJECT: New Leveling Leg - 5/8" - 11
(Diameter of Threaded Stud is 5/8")

PART NUMBERS: 900,502,490.11 - Leveling Leg
900,700,870.01 - Lockwasher

A RELATED PART: 901,001,210.01 - Weld Nut (Welded to base)

REASON: To start using a much stronger leveling leg.

BEGINNING SERIAL NUMBER: 0001-2947DK

NOTE: The domed hex head is 1 1/2" diameter. Thus a 1 1/2" socket wrench would be needed for removal of the leveling leg.

EXCEPTIONS: Run numbers 2948 and 2956 have the original leveling leg i.e., 1/2" - 13 x 1 1/16" hex head.

Date: October 24, 1988

MODELS: All DNCB Venders

SUBJECT: Leveling Leg - 5/8" - 11
(Diameter of Threaded Stud is 5/8")

PART NUMBER: 900,502,490.21 - Leveling Leg
900,700,870.01 - Lockwasher
(Leveling leg interchangeable with 900,502,490.11)

A RELATED PART: 901,001,210.01 - Weld Nut (Welded to base)

REASON: The Leveler has a hex head so that adjustment can be made from the top. (Use 1/2" socket.)

BEGINNING SERIAL NUMBER: 0001-3070CM

Date: May 15, 1989

MODELS: All DNCB Venders

SUBJECT: Leveling Leg - Part #900,502,490.31 - A Longer Leveler

BEGINNING SERIAL NUMBER: 0001-3127BN - For Production
