Service Bulletin # 312 Date: December 24, 1986

MODEL: DNCB CC Coke Venders

SUBJECT: Installation
Maka Validator Maka
Model: NB10

REASON: To provide parts which will enable Coca-Cola Bottlers to install subject validator in the New DNCB CC Coke Venders.

PARTS NEEDED:

1	A432,010,020.03	Validator Mounting Plate
2	901,805,690.01	Stand Off 5/16
2	900,800,500.01	Keps Nut 8-32

- DO THIS:
1. Remove the Validator cover plate from the vender's Main Door, and keep the four (4) Keps Nuts.
 - 2a. Install the Validator Mounting Plate (bottom down - Fig. 1) in the opening from which the Validator Cover Plate was removed.
 - b. Once inserted, install two (2) Keps Nuts (as spacers) on top studs and two (2) 5/16 Stand Off (as spacers) on the bottom studs.
 - 3a. From the rear of the Main Door, align the nose piece of the Validator with the Validator opening, and push through.
 - b. Align Validator holes with Mounting Plate Studs and secure Validator with Keps Nuts.

ADDITIONAL PARTS:

- 1 - Maka Nose Piece is needed.
- 1 - Decal is needed.

NOTE: If the Nose Piece for a NB15A is used on an NB-10, the following parts are needed:

1	A432,010,010.13	Validator Mounting Ring
2	901,805,690.01	Stand Off 5/16
2	900,800,500.01	Keps Nut 8-32
